

# 2019

*Received December 19, 2018 in prayer by Doyle Shaw*

God has spoke to me that We must pray a hedge of protection around the ministries and these people are the church. So we need to declare it to be. So we need to call finances forth that God has already prepared for us the church and it needs to come in. The wealth of the wicked is stored for the righteous ones(Proverbs 13:22).

There is going to be an outpouring of God's spirit, God's anoint, God's power that will start after the 1<sup>st</sup> of the year on those who will open to receive it and flow in it. We will have people coming to the kingdom. Finances, jobs, church positions and other things that have been dormant for years and need come and break free and freedom will come to the church.

In a time of toughness for the world God will bring His people forth to front and light will shine forth in darkness and a new day break forth for the church. Believers will see restoration on all sides and a rising up in the church like a new bloom on a flower. It will begin to grow and blossom for the church.

Water this in prayer. By the Spirit let it grow and you will be free.
